ABOUT SANJIVANI RURAL EDUCATION SOCIETY

Considering the need of professional education in the rural part of the Maharashtra, former Minister of State Hon'ble Shri Shankarraoji Kolhe Saheb has established Sanjivani Rural Education Society (SRES), Kopergaon in 1982. In all, about 6000 students are taking education in various disciplines being run under SRES and about 700 employees are working. This is one amongst top and reputed educational organizations in the country, especially in Maharashtra. Well equipped laboratories, hostels with all decent amenities, collaboration with foreign universities, university/MSBTE rank holders, and platform for overall development, etc. are amongst some special features.

ABOUT INSTITUTE

Sanjivani K. B. P. Polytechnic is started in 1982 with the view to impart technical education to the rural masses. It is the premier institute in rural part of Maharashtra and has its own identity on the basis of educational quality standard, results and placement of the students.

The Sanjivani K. B. P. Polytechnic is approved by AICTE, New Delhi Recognised by the Govt. of Maharashtra (DTE) & Affiliated to MSBTE, Mumbai, certified by **ISO 9001:2008** and graded "**Excellent**" by MSBTE. Five programmes

of this Institute (including Mechanical Engineering) are accredited by **National Board of Accreditation, New Delhi.**

INSTITUTE VISION

Developing state of art technocrats for challenging environment of industrial context.

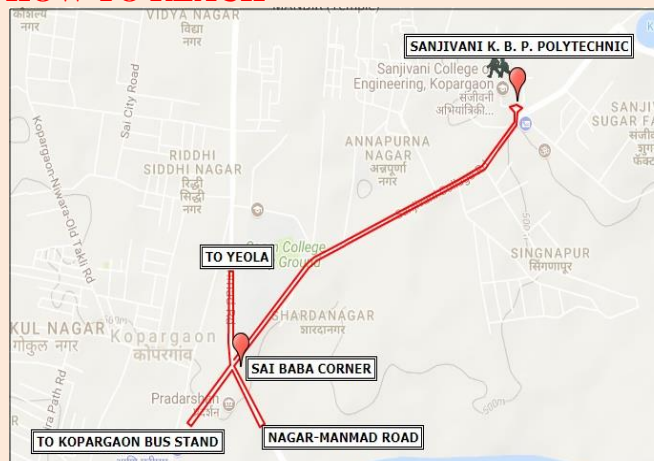

INSTITUTE MISSION

Inculcating skills and talent in rural masses for socio-economic development through diploma engineering education, training & research to cope up with growing industrial environment.

ABOUT MECHANICAL DEPARTMENT

Mechanical Engineering Department has well qualified and experienced staff, well equipped laboratories and excellent results. The Department provides excellent opportunities to students for placements. Department provides, facility for student centered education, skill based learning experiences aiming to inculcate values of basic knowledge of Engineering, science, computer, mathematics, techniques of communication skills & management which will imbibe the ability to apply the basic problem solving techniques.. It makes students to gain a comprehensive knowledge and understanding of subjects.

HOW TO REACH

COURSE CONTENT

- 1) Introduction and Scope.
- 2) Review of thermodynamics laws & cycles.
- 3) Testing and evaluation of I. C. engine performance characteristics.
- 4) Testing and Selection of Air compressor.
- 5) Methods of improving efficiency of Gas Turbine.
- 6) Refrigeration and air conditioning
- 7) Recent trends & technology in power Engg.
